Subject: Proposal for “*Jal Shakti Abhiyan: Nationwide Water Harvesting Initiative in India*”

Dear SIR / MA'AM

Water scarcity is a growing challenge in India, affecting millions of people across both urban and rural areas. The depletion of groundwater levels, inefficient water management, and rapid urbanization have led to a pressing need for sustainable water conservation strategies. In response to this crisis, Fulminare Social Help Foundation (FSHF) proposes the

"Jal Shakti Abhiyan: Harvesting Water for a Sustainable Future" initiative to implement rainwater harvesting systems in every household, establish large-scale water conservation plants in critical areas, and promote widespread awareness about water conservation.

Through this initiative, we aim to empower communities with practical solutions to manage and conserve water efficiently. Our proposal aligns with key Sustainable Development Goals (SDGs), particularly **SDG 6** (Clean Water & Sanitation), **SDG 11** (Sustainable Cities & Communities), **SDG 13** (Climate Action), and **SDG 15** (Life on Land).

We request your support in implementing this transformative program that will ensure water security for current and future generations. Attached is a detailed proposal outlining our objectives, implementation strategy, budget, and expected outcomes.

We look forward to collaborating with you to make India water-secure.

Thank you for considering our application.

Sincerely,

RAHAT SAHU
