ABOUT US : FULMINARE SOCIAL HELP FOUNDATION

Our Foundation is a Registered Non-Profit Organization dedicated to uplifting marginalized communities and fostering sustainable development in **Rohatas, Bihar**. Since its inception, our foundation has actively worked to address some of the region's most pressing **social challenges, including health, education, and economic empowerment**.

During the **COVID-19 pandemic**, we stepped up to provide critical support by giving out food, masks, and sanitizers to vulnerable people. **Our current projects include skill training for young people, women's empowerment programs, and educational support for underprivileged children**. We also care deeply about the environment, organizing tree planting and cleanliness drives in our area. Our foundation also organizes health camps that bring free medical checkups and medicine to rural communities, and we lead projects that strengthen local development.

“At Fulminare, we believe everyone deserves access to education, art, and culture, and we work hard to make these available to all.”

Our foundation is officially registered under the **NGO Darpan with a unique ID "BR/2021/0273504"** and licensed by the Registrar of Companies as a Section 8 non-profit. **Fulminare Social Help Foundation was founded on September 16, 2020, by Sumit Kumar and Satyendra Kumar Patel.**

“Our mission is to build a more equitable society by fostering awareness, empowerment, and opportunity for all.”

ACTIVITIES IN PANDEMIC

In August 2021 a deadly virus named – corona, again came in our country and have created trouble for all human beings, after nationwide lockdown. It became worse situation for poor people, those who earn on daily basis and live in other state for livelihood, due to lockdown everything had been stopped and without transport they can't able to reach their hometown and where they live there is lack of food and other basic needs. So our team has started an initiative for help to needy people in Covid pandemic – in rural and slum areas people have wrong information about corona virus – they believed on wrong rumours and they scared off too much so our volunteers through various ways spread right information about its precaution and what to do for be safe from this virus.

Precautions for COVID-19

OUR SOCIAL ACTIVITIES

EDUCATIONAL AND SPORTS ACTIVITIES

We provide free education to needy and poor students, provide them necessary facilities like study materials, clothes and food. In our society child labor is a big problem. At an early age children go on work, because of bad financial condition of their family. Some parents don't give importance to educate their child, they think Education can't feed them. Our team from organization's inception working for upliftment of education standard in our society, and every year we educate deserving children as possible as we can. It helps people become better citizens, get a better-paid job, shows the difference between good and bad. Education shows us the importance of hard work and, at the same time, helps us grow and develop. Thus, we are able to shape a better society to live in by knowing and respecting rights, laws, and regulations. Higher levels of education are associated with a wide range of positive outcomes – including better health and wellbeing, higher social trust, greater political interest, lower political cynicism, and less hostile attitudes towards immigrants. Our team of youth volunteers visit those places where too

much lack of awareness and try to convince their parents to send their children for study every year.

CLOTHS AND FOOD DISTRIBUTION TO NEEDY PEOPLE

ACTIVITIES

Realizing how challenging the freezing cold winter can be for the most vulnerable, FULMINARE SOCIAL HELP FOUNDATION is gearing up to provide all support services to those on the streets. The foundation has already started distribution of good quality blankets to protect the homeless and the needy and this effort will continue till January 2020. As the demand for blankets is increasing further, FULMINARE SOCIAL HELP FOUNDATION is appealing to all those who can afford to donate even one blanket to come out and support in spreading warmth to the people.

This year, winter knocked on the doors of north India a bit early and expected to be harsh and FULMINARE SOCIAL HELP FOUNDATION is trying to ensure all individuals who do not have access to home stay warm and comfortable throughout the season.

RATION IN COVID-19 PERIOD DISTRIBUTION ACTIVITIES

We all wish we could do more to support underprivileged serious patients facing challenges and their caregivers, beyond our prayers.

Sometimes, the family members of serious patients do not have time to look after themselves, not even have the time to have food, which is the basic necessity as they are always around taking care of their close ones.

Majority of the underprivileged patients admitted in

Government hospitals are those who come from nearby states are often poor, in several cases family members decide to stay hungry to save money.

FULMINARE SOCIAL HELP FOUNDATION serves free, but wholesome, food to families of underprivileged patients in the Govt. Hospital and also for the children who come from

SELF EMPLOYMENT TRAINING

FULMINARE SOCIAL HELP FOUNDATION are non profit institutions established with the support of State Government and Central Governments. The objective is to generate self employment in rural areas through training for capacity building and by facilitating settlement in vocations. 60% of candidates trained in FULMINARE SOCIAL HELP FOUNDATION belong to 'Below Poverty Line (BPL)' category.

FULMINARE SOCIAL HELP FOUNDATION are imparting comprehensive quality residential training programme in personality and skill development areas to rural youth free of cost and facilitating them in settlement in vocations. More than 5 lakh candidates have been trained by SBI FULMINARE SOCIAL HELP FOUNDATION over a period of 7 years of which 67% have been successfully settled in gainful employment.

Settlement is facilitated by enabling follow up of the trained candidates, for a period of 2 years, to launch profitable micro enterprises either with or without credit linkage from financial institutions. Also, they are facilitated to secure wage employment in their skill areas elsewhere.

The duration of the programmes ranges from 10 days (80 hours) to 30 days (200 hours). Training programmes are usually decided by the Institute based on the locally prevalent traits and potential demand for the products/services.
